

Tree Planting Request Application

**APPLICANT MUST BE A SMETHPORT BOROUGH RESIDENT**

Would you like to receive a new tree in front of your property? The Smethport Borough is completing the third and final phase of the Borough Reforestation program, and will be planting shade trees in the Borough owned tree lawn during the fall of 2011. (Typically the tree lawn is the area between the street and the sidewalk. In some cases the Borough owned tree lawn may extend to the area between the sidewalk and the house.) **Those wishing to have a new tree planted must complete this application.** There is no cost to the applicant.

The Shade Tree Commission will evaluate all requested planting locations. This request is not a guarantee of having a tree planted. A stake will be placed at the location near the time of planting. **Property owners are requested to leave the stakes in place.**
